## Modello LT M\_CE

A collection of lamps made from a single piece of blown glass, whose particular workmanship, though, allows a double chromatic effect: transparent at the top, satin effect at the bottom. The following combinations of glass with metal ring are now available: white glass combined with matt black ring, smoky glass with brown ring, amber glass with painted brass ring. A new transparent crystal glass finish with copper or matt black ring is also available.

### GLASS FINISH

**AMOT**  
amber brass

**BCNE**  
white black

**CRNE**  
crystal black

**CRRRA**  
crystal copper

**FUMA**
