Vistosi

Modello LT_CE

The “technicity” of the metal element combined with the blown glass diffuser gives Tread an “industrial” style. An object reminiscent of vintage electrical equipment for its particular shape, in which the finned heat sink, combined with blown glass, becomes a distinctive element. Tread creates an avant-garde and stylish atmosphere by combining crystal, smoky, burned earth and transparent old green glass with copper, gold and bronze matt finishes.

GLASS FINISH

CRTR
crystal transparent
