Side view seat element, deep (with back type 611)

Seat elements, deep:

Each piece of furniture is handmade and unique. Deviations to the listed measurements may be caused by:
1. different upholstery materials (fabric, leather), 2. processing of ticking mats, 3. the pressure to combine individual parts, etc.
The seat comfort of a sofa type with larger seat depth usually differs from one with lower depth.

---- Dividing seam ▷ = Connector side

For the connection with the corner element 70t, the assembly of element connectors (for an extra charge) is recommended!

Corner element, deep
70t

The elements 216t & 215t can only be connected to each other on the slanted side!
For the elements 216t / 215t, the assembly of element connectors (for an extra charge) is recommended!
